

TRUTHFULNESS

The Only Way

The truth is but a simple thing,
for it knows no right or wrong.
There are those who would alter it,
to make the truth be gone.

They will speak, imply, suggest
what you know are not the facts.
But the truth will remain the same,
rest assured it will be back.

It may be for the moment,
the truth is not revealed.
There you stand betrayed by one,
accused of what's not real.

But for those of us who have been
wronged, take solace in what I say.
There will come a time where all will
know in some uncertain way.

The truth will raise above it all
and prove their words were wrong.
Causing those who spoke the words,
reputations now be gone.

The truth is but a simple thing,
it may be hard to say.
The truth is but a simple thing,
and for me the only way.

Robert Owen Stevenson
